

## **SUGAR SUGAR**

From Tuesday, October 1  
Brenda May Gallery

Curated by Megan Fizell, this exhibition will feature contemporary art made exclusively with sugar by 10 female artists. That is right, sweet, delicious, edible sugar. By embodying the ephemeral nature of the substance, many of the installations will only last for the duration of the exhibition. So if you want to see this unique show, be sure to get in quick. The exhibition will be showing at the Brenda May Gallery between Tuesday, October 1 and Saturday, October 19 from 11am to 6pm. For more information call 02 9318 1122.
